Roscommon

Walks & Cycleways

Walking is the oldest, free and most enjoyable form of activity and has immense physical and mental health benefits for everyone. This **Roscommon Walks and Cycleways Book** sets out to inform you of the wonderful walks and cycle routes which are located throughout County Roscommon.

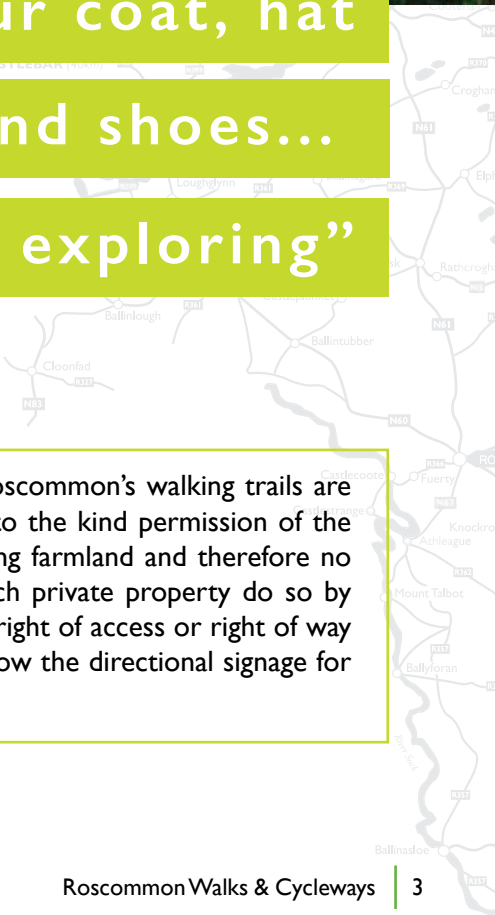

Each route has been individually mapped to note GPS location, length and difficulty together with facilities and points of interest along the routes. The Scavenger Hunt and activities centre page is a fun way of checking out what you can see along the way.

So choose a trail that is right for you, whether it be through a native woodland bustling with wildlife, or along tranquil shorelines that gently nourish our extensive flora and fauna, Roscommon is the perfect place to get active in nature.

“So grab your coat, hat
or helmet and shoes...
and let’s get exploring”

It is important to note that many of Roscommon’s walking trails are on private property and access is due to the kind permission of the landowners. Some walks are on working farmland and therefore no dogs are allowed. Persons entering such private property do so by permission from the landowner and no right of access or right of way is created as a consequence. Please follow the directional signage for these trails.

Safety Advice

Please wear appropriate clothing and footwear; loose light layers are recommended for walking along with runners or walking boots depending on the type of trail you choose. When out cycling, please wear a helmet and use lights and high-vis vests when cycling in dark or dusk conditions. All users under 12 years of age must be supervised especially on public roads. Please respect all users, walkers and pedestrians.

In order to minimise your social and environmental impacts on the outdoors, please follow the 7 principles of Leave No Trace.
